TIAN AN: PLANTING THE SEEDS OF SUCCESSFUL INVESTMENT IN CHINA

China's opening to the outside world has created a broad field of investment opportunities, but it requires a company with far-ranging vision to select the best ones and bring them to fruition.

From establishing joint venture hotels and commercial building projects to undertaking the development of comprehensive industrial estates, Tian An is playing a pioneering role in China's emerging property markets.

Growing along with China's economic reform, the seeds of mid to long term investment already planted by Tian An will produce an early harvest tomorrow for those sharing our vision.
