COSCO...

As one of the largest container operators, **COSCO** uses bigger, faster ships with more efficiency to more direct ports than any other carrier. Currently **COSCO's** total capacity is 425,000 TEUS including 185,000 40-ft. containers and 35,000 temperature controlled units. Cargo handling capabilities include 20-ft and 40-ft dry containers, refrigerated containers, flat racks, open tops, high cubes and other specialized equipment. Additionally, **COSCO** utilizes barges, rail and motor carriers to link the international shipper with the consignee.
