China's modernisation is re-opening opportunities for Western technology to serve the needs of an enormous market. Getting business in this market is not easy. It calls for the guidance of an organisation where speed of decision and modern technology are backed by a century of experience in the China trade — it calls for HongkongBank.

By contacting HongkongBank you can gain immediate access to the full range of international banking services from loan syndication, long-term financing and joint ventures, to detailed trade documentation.

Our Area Office China, based in Hong Kong, can advise you on strategy and tactics for approaching the new market, and our publications on China and the various cities (pictured) are just one example of the specialist information we can provide. You may contact us at any of our following offices:-
