

THE MAGAZINE OF THE NATIONAL COUNCIL FOR US-CHINA TRADE NOV.-DEC. 1977

DO NOT REMOVE FROM LIBRARY!

The China Business Review

**NEW FROM THE
NATIONAL COUNCIL**

DIRECTORY

of Research Institutes in the People's Republic of China

The emphasis on China's scientific research is on "Uniting theory with practice", applying science to the needs of changing economic priorities. In the past seven years China's scientific and technical interaction with the world's scientific and industrial community has increased enormously. The need to know the state of China's scientific research has become important.

The *Directory of Research Institutes in the People's Republic of China* is an up-to-date reference that any organization or individual concerned with China's scientific development will find indispensable.

The *Directory* will be a standard reference for the following—

- Members of scientific and technical missions to the PRC.
- Companies giving technical presentations in China, and participating in exhibitions in China.
- Institutions and firms hosting scientific and technical delegations from China.
- Scientific and technical research institutes studying research in China, overall or in individual categories.
- Companies analyzing the market for scientific instruments and other laboratory equipment in the PRC.
- Companies analyzing China's scientific development in the short to long range as it relates to their own product area.
- Individuals interested in learning about the state of science in the PRC.

About the Directory

In 1977, the National Council is publishing a three volume *Directory of Research Institutes in the People's Republic of China*. The 300-plus page volumes will describe research in the categories listed and will provide comprehensive information about the organization and work of all known industrial research institutes in China through 1976. The *Directory* has been prepared by Susan Swannack Nunn.

The *Directory* contains the following data where known · name and addresses of the institute, in English and Chinese · date of establishment · organization

· staffing · research divisions · subsidiary facilities · affiliates · biographical information of staff · present and past research and publications · recent research and activities (including abstracts of work published) and known equipment installed

The cost of the 3 volume *Directory* is \$300. Individual volumes are \$125 each. Airmail postage overseas is \$20.00 per set or \$7.00 per volume.

VOLUME I
**Agriculture, Forestry,
Fisheries**
Animal husbandry
Crops
Farm machinery
Fisheries
Forestry
Plant protection and
pest control
Soils
Fertilizers

VOLUME II
Chemicals
Agricultural chemicals
Industrial chemicals
Petrochemicals
