The China Business Review

The magazine of the National Council for US-China Trade

November-December 1982

Volume 9, Number 6

Cover: Farm production has jumped by nearly 30 percent in the last four years, giving the first major boost to rural incomes in decades. **Page 14.** Photo of the sun rising over Chengdu Plain by Tom Nebbia.

Agricultural Machinery: The front runners in the competition to produce large horse power tractors for reclamation work in China are all US firms: John Deere, International Harvester, and Ford. **Page 20.**

Joint Ventures: A leading China trade attorney discusses—and explains how to avoid—20 major difficulties that every company should know about. **Page 23.**

The UN in China Two hundred projects are underway, many involving the procurement of foreign equipment. **6**
By Karen Berney

China's World Bank Account The PRC promises to become a model beneficiary—and a major Third World customer. **12**
By Nicholas H. Ludlow

The Agricultural Outlook Growth rates have been impressive, but sustained progress is a matter of some concern. **14**
By Frederic M. Surls

Incentive Farming A new "responsibility system" has spurred greater crop diversity. **16**
By Kathlin Smith

Reclaiming the Land China is embarking on a massive reclamation program that has US equipment suppliers poised for the sell. **20**
By Chris Brown

Equity Joint Ventures Knowing the problem areas is the key to success. **23**
By Jerome Alan Cohen

The Textiles Deadlock Negotiators are playing beat the clock in the toughest round of talks to date. **31**
By Martin Weil

Tourism: Changing Course The industry reaches a crossroad after four years of remarkable growth. **36**
By Carol S. Goldsmith

The "Yun-7" China's newest passenger plane will begin phasing out older models. **40**
By Shu Yao

China's Aircraft The country possesses an odd assortment of nearly 20,000 military and civilian aircraft. **40**
By E. Sabina Brady
