# SUCCESS IN CHINA REQUIRES A DELICATE BALANCE BETWEEN MOMENTUM AND CONTROL

Like the horse poised on the sparrow, companies venturing into China must show deliberation as well as dispatch.

At HongkongBank we know there is much more to efficiency than speed alone.

Our goal, therefore, is not only to respond swiftly to your needs, but to complement that service with tried and tested business advice.

But, more importantly, our experience of China trade dates back well over a hundred years to the day we opened

our Shanghai branch in 1865. Today, we have branches or representative offices in nine major cities, offering a wide range of professional services, and valuable insight into the China market.

Before sprinting out of the starting gates into the China market, you should pace the course with a seasoned runner.

After all, the only way we'll succeed is by helping you to do the same. For more information, please contact HongkongBank China Services Limited at telephone: (852) 2822 2652, facsimile: (852) 2868 1646.
