How can you value opportunities in China if you can't identify these coins?

Only one of the above was legal tender. The other was a good luck coin with no monetary value. Being able to distinguish them at a glance requires an in-depth knowledge of Chinese culture. But there's more to understanding China than identifying the coins in your pocket. HongkongBank has been doing business in China for over 130 years. Long enough to gain market insights and do business with confidence. Firmly rooted in Asia,

we have branches and representative offices in 10 major cities across China. All offering you comprehensive services and professional advice. With the strength of our global network and thorough understanding of this unique market, we'll help you to do business with a lot more certainty than the flip of a coin. For further information, please contact HongkongBank China Services Limited at tel 2822 2652, fax 2868 1646.
